## 260 YEARS IN THE MAKING

Our story began in 1759 when our founder, Josiah Wedgwood I, aged just 29, started as an independent potter in Burslem, England. Fast forward over 260 years later and Wedgwood is still producing many of the materials Josiah invented, such as Jasper and Queen's Ware.

## INTAGLIO

Sometimes, it's not just seeing that's believing – you have to actually handle an object to appreciate its true beauty. And the moment you pick up an Intaglio cup, you'll understand why... for its sumptuous tactile quality must be felt to be believed. Beautiful white fine bone china embossed with patterns reminiscent of ancient Rome and Greece will give any table a timelessly classic feel with a modern geometric edge. Inspired by a time that was all about elegance and lightness of touch, the exquisitely balanced proportions, harmonious symmetry and classical detailing of Intaglio offer an undeniably luxurious modern take on a bygone era.

## GIO

The new Gio collection was developed after in-depth discussions with several experienced professionals in the hospitality sector. Major factors were taken into account such as plate sizes, food-service areas, capacities, food types and serving methodology.

Both dishwasher and microwave safe, this collection is designed to be used every day in busy catering environments and its shapes and serveware are ideal for sharing food moments such as tapas and the latest 'grazing' experiences.

Gio will grace any table from a casual setting to a more formal fine-dining arrangement.

Gio is an achievement in classless design. Gio carries Wedgwood's lifetime edge-chip warranty and a guarantee that it will retain its perfectly sheened glaze.

GIO PLATE COUPE

Offers the same fine bone china strength and style as other Gio Collection designs, but with a thinner embossed rim that provides a broader canvas for chefs to present their dishes.

## HELIA

Inspired by Greek mythology and blended with Josiah Wedgwood's legacy, Helia celebrates renewal. Taking design notes from neoclassicism, and with colours drawing inspiration from Josiah's original Jasper trials, this collection is steeped in 260 years of English history and expert craftsmanship.

A modern classic, the silhouettes and bright golden accents that make up this collection deliver effortless contemporary style. Handcrafted at Barlaston (the home of Wedgwood), made from resilient fine bone china and finished with 22-carat gold lining, Helia is proof that Wedgwood's timeless design will always burn bright.

## WILD STRAWBERRY INKY BLUE

The Wild Strawberry Inky Blue collection reimagines a classic Wedgwood design in a deep inky blue, a colour synonymous with English fine bone china. Retaining all of the revered motifs of the original Wild Strawberry pattern introduced in 1964, this new updated colour adds a bold contemporary contrast against the silky white body.

## TAKING CARE OF YOUR WEDGWOOD PIECES

Every crafted Wedgwood piece is designed to be strong and sustainable so it can be handed down to and treasured by following generations. Like any heirloom, caring for your designs will keep them in perfect condition so they can continue to make special moments for their owners.

Please see our care guide below, which can help you keep your favourite Wedgwood pieces looking as beautiful as the day you received them.

For dishwasher-safe Wedgwood designs, we recommend using a gentle, low-temperature wash cycle with a liquid or gel detergent. Alternatively, please wash each piece by hand and dry with a soft cloth.

## STONEWARE, PORCELAIN AND FINE CHINA DINNERWARE

- Freezer safe
- Oven safe - can be warmed to 100°C/212°F
- Microwave safe, unless the piece includes precious metal decoration
- Do not expose to direct heat from a naked flame or to rapid changes of temperature
- Use napkins to separate items when storing to prevent scratching
- Stains in teacups or tea pots can be removed with a cleansing solution e.g. baby utensil sterilising solution, but always wash and rinse thoroughly before use
- Grey marks can be removed using cleansers specifically designed for the removal of metal marks from ceramic products e.g. Barkeepers Friend
- Abrasive materials must not be used when cleaning
- Items marked dishwasher safe can be washed in a dishwasher using a gentle, low-temperature wash cycle and a liquid/gel detergent
